NEW PATIENT VISITS

Welcome to Neurology Solutions Consultants, a Movement Disorders Center.

As a New Patient, you will be scheduled as soon as we receive your completed new patient packet. At NSC we believe in a TEAM approach, so you may be seen by the doctor, advanced practice provider (APP), doctor of physical therapy (DPT) or medical assistant.

We are pleased to have you as a New Patient and we will try our best to manage your symptoms as effectively as possible. We believe that our TEAM approach is a great asset to managing your continued care.

Thank you for your cooperation.

NSC APPOINTMENT GUIDELINE

1. Please arrive 10-15 minutes before your appointment time. **Patients that arrive past their appointment time will need to reschedule their appointment.** Accidentally missed appointments will result in a charge of $75 to your account if not excused by contacting the office at least 24 hours in advance.

2. Copays will be collected at the time of the appointment.

3. Subsequent follow-ups, cognitive, motor and physical therapy appointments may last 45-60 minutes. Additional follow-ups will be offered until the diagnosis and management plan are fully understood.

4. Chart review, dictation and/or documentation may occur during the visit.

5. Patients may be video recorded to capture their neurological status as part of the visit. These recordings may be shown to other medical professionals for diagnositc or educational purposes.

6. In order to limit the risk of emergencies on the weekends, **please do not start any medication changes on Thursday, Friday, Saturday or Sunday.**

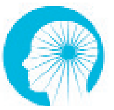
ADVANCED PRACTICE PROVIDER



This office has on staff an advance practice provider (APP) to assist in the delivery of medical care.
An APP is not a doctor. An APP is a registered nurse who has received advanced education and training in the provision of health care. An APP can diagnose, treat, and monitor common acute and chronic diseases as well as provide health maintenance care. Our APP has trained with Dr. Izor to help him treat our patients.
I have read the above, and hereby consent to the services of an APP for my health care needs.
I understand that at any time I can refuse to see the APP and request to see a physician.

CONSENT TO TREAT

I,___________________________, or my legal guardian/parent authorize Robert Izor, M.D., to provide medical care reasonable by today's standards.

OFFICE PAYMENT POLICY

Effective September 1, 2007, our office policy regarding outstanding account balances is as follows: Before being seen in the office again, you must pay 25% of your outstanding balance and set up a reasonable payment plan for the remaining balance. We will schedule a monthly payment of the same amount that will be due by the same date each month, until paid in full.

If you have Medicare with no secondary insurance, you will be responsible at the time of service to pay the 20% co-insurance.

All patients including pump patients must keep up the scheduled monthly payments or we will not be able to see you in the office. We will have no choice but to refer you to the hospital emergency room.

ASSIGNMENT OF BENEFITS

I,_____________________________________, understand that services rendered to me by Neurology Solutions Movement Disorders Center are my financial responsibility and that the provider will bill my insurance company as a courtesy. I authorize my insurance company to pay my benefits directly to Neurology Solutions Movement Disorders Center and I understand that I will be fully responsible for any outstanding balance on my account. THIS IS A DIRECT ASSIGNMENT OF MY RIGHTS AND BENEFITS UNDER THIS POLICY. This payment will not exceed my indebtedness to the above-mentioned assignee and I have agreed to pay, in a current manner, any balance of said professional service charges over and above this insurance payment.
I have been given the opportunity to pay my estimated deductible and co-insurance at the time of service. I have chosen to assign the benefits, knowing that the claim must be paid within all state or federal prompt payment guidelines. I will provide all relevant and accurate information to facilitate the

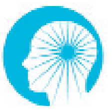
prompt payment of the claim by the insurance company.
I authorize the provider to release any information necessary to adjudicate the claim, and understand that there may be associated costs for providing information beyond what is necessary for the adjudication of a clean claim.
I also understand that should my insurance company send payment to me, I will forward the payment to Neurology Solutions Movement Disorders Center within 48 hours. I agree that if I fail to send the payment to the Provider and they are forced to proceed with the collections process; I will be responsible for any cost incurred by the office to retrieve their monies. In the event that I receive any check, draft or other payment subject to this agreement, I will immediately deliver said check, draft or payment to provider. Any violations of this agreement will, at provider's election, terminate patient charge privileges with provider and bring any balance owed by patient to Neurology Solutions Movement Disorders Center immediately due and payable.
To avoid this additional cost and inconvenience, should the insurance company forward payment to me, I authorize Neurology Solutions Movement Disorders Center to facilitate payment utilizing the credit card number on file to resolve the balance. A photocopy of this Assignment shall be considered as effective and valid as the original.
I authorize the provider to initiate a complaint or file appeal to the insurance commissioner or any payer authority for any reason on my behalf and I personally will be active in the resolution of claims delay or unjustified reductions or denials.

Dear PATIENT,
Due to policy provisions in your contract with your insurance carrier we are obligated to collect all patient responsibility balances.
If your insurance policy has provisions such as deductibles, co-insurances, or co-payments please note that these are provisions that have been agreed to between you and your carrier. We cannot legally discount fees after their submission on your behalf to your carrier.
If we are networked with your carrier, we have an additional contractual obligation to collect the balances as outlined by your carrier. Writing off patient responsibility balances could jeopardize our contract with your carrier. If a portion of your fees are applied to an annual out of pocket maximum, and we do not collect that fee, your out of pocket maximum has not been correctly calculated.
Additionally, for those Medicare patients that may have any medical services that are eligible under Medicare, we are legally obligated to collect the patient responsibility co-insurance, co-payment or deductible under the terms of the anti-kickback laws.
We sincerely regret if any of these regulatory provisions cause you any inconvenience, but we must be bound by all provisions of insurance policy and federal law. If you have any issues or concerns with your insurance we will be more than happy to assist in the resolution of those issues or concerns. Please feel free to contact us with any questions you may have or any assistance you may require to fully understand these provisions.

Thank you for your cooperation.



E-Prescribing

E-PRESCRIBING is defined as a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy from the point of care. It has been determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care. E-Prescribing greatly reduces medication errors and enhances patient safety. The Medicare Modernization Act (MMA) of 2003 listed standards that have to be included in an e-Prescribe program. These include:

• Formulary and benefit transactions – gives the prescriber information about which drugs are covered by the drug benefit plan.

• Medication history transactions – provides the physician with information about medications the patient is already taking to minimize the number of adverse drug events.

• Fill status notification – allows the prescriber to receive an electronic notice from the pharmacy telling them if the patient's prescription has been picked up, not picked up, or partially filled.

By signing this consent form you are agreeing that Neurology Solutions Consultants can request and use your prescription medication history from other healthcare providers and/or third party pharmacy benefit payors for treatment purposes.
